SUMMARY

Game Developer, Game Designer, and Technical Artist with hands-on experience building gameplay systems, interactive environments, real-time 3D experiences, and web applications. B.Tech Computer Science and Engineering student specializing in Gaming Technology with practical experience in **Unreal Engine 5, Unity 6, C#, C++, Blueprint, Blender, VR/AR, Niagara VFX, MetaHuman, and Sequencer**. Strong interest in gameplay programming, technical art, level design, environment development, and cinematic presentation. Founder of **Astrayuga Interactive**, an indie game studio developing original interactive projects.

EDUCATION

VIT Bhopal University

2024 – 2028

B.Tech in Computer Science and Engineering, Gaming Technology

CGPA: 8.28/10

EXPERIENCE

Astrayuga Interactive – Founder

2024 – Present

Indie Game Studio

- Founded and lead an indie game studio focused on developing original games and interactive real-time experiences.
- Handle **game design, gameplay systems, technical art, 3D assets, environment development, cinematics, and project planning**.
- Prototype and implement interactive systems using **Unreal Engine 5, Unity 6, Blueprint, C#, Blender, and real-time rendering workflows**.

PROJECTS

Endless Survivors – The Forest God

Unity | C# | Windows

Sole Developer

- Developed an action runner featuring combat, exploration, environmental protection, and a Karma-based story system.

King Runner

Unity 6 | C# | Windows

Lead Game Developer and Technical Designer

- Built an endless runner with chunk spawning, collectibles, player input, checkpoints, speed boosts, and progressive difficulty.

VR – Campus Tour

Unreal Engine 5 | VR

Game Developer, Designer and 3D Artist

- Created a high-fidelity VIT Bhopal campus environment with interactive elements, realistic lighting, environment design, and VR presentation.

360 Virtual Campus Tour

HTML5 | CSS3 | JavaScript | Figma

Frontend Developer

- Developed an interactive 360-degree campus tour with responsive UI, navigation, and user-focused web interactions.

India Tourism Guider

HTML5 | CSS3 | JavaScript | Firebase

Frontend Developer

- Built a responsive tourism web application with destination search, interactive navigation, travel guides, maps, and booking interfaces.

TECHNICAL SKILLS

Game Development: Unreal Engine 5, Unity 6, Blueprint, Gameplay Systems, Gameplay Programming, VR/AR, Sequencer, Niagara VFX, MetaHuman

Programming: C++, C#, Python, Data Structures, Object-Oriented Programming, Gameplay Scripting

Game Design: Game Design, Level Design, Gameplay Prototyping, Player Experience, Visual Storytelling, Game Systems

Technical Art and 3D: Blender, 3D Modeling, Animation, Rigging, Blendshapes, Asset Sculpting, Environment Art, Lighting, Camera Staging

Web Development: HTML5, CSS3, JavaScript, Firebase, Figma, UI/UX, Responsive Web Development

Additional: Real-Time Rendering, Technical Art, Environment Development, Cinematic Presentation, Asset Optimization

CERTIFICATIONS AND TRAINING

Udemy: Unreal Engine 5 – Niagara VFX; Complete C# Unity 3D Game Development in Unity 6; Create a First Person Shooter from Scratch in Unity; Master Filmmaking in Unreal Engine 5; Introduction to Modeling in Unreal Engine 5

Coursera: Introduction to AR/VR/MR/XR

Vidyardhi: Python Programming; Artificial Intelligence and Machine Learning; Open Source
